

Creativity in Worship

Contributed by Julie Blum
Last Updated Tuesday, 11 September 2012

We strive to be creative in the ways we worship God by bringing in the arts, special music, and experiential experiences. For example, when we read John 6 where Jesus says, "I am the bread of life" we received Communion with bread placed in the shape of a body. Also we wrote our prayers for healing on band-aids and then put them on a crutch cross.
