MODERN ART FOR THE NEW YEAR

"After Dark No. 3"

Artist's Statement

After a career in the precise left-brain world, I reinvented myself as an abstract watercolor artist whose work is reminiscent of mid-century modern paintings.

Painting is meditative. I paint loosely, play with colors, and let the paints flow together naturally as highlighted in the managed chaos of color and form in my work.

Painting brings me great joy.
May mine bring joy to you. ~ Jan
